

TerraQuant® Super Pulsed Laser Packages

Each Package Includes:

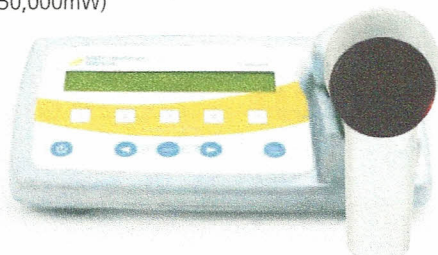

- Two Pair of Laser Goggles
- Operating Manual & User Guide
- Treatment Protocol Manual
- 2 Year Full Warranty with an Additional 3 Year Full Warranty as Optional
- Carrying Case

TerraQuant® LS50

The LS50 LaserShower emitter greatly enhances the TerraQuant® system, incorporating 4 super pulsed GaAs diodes. It's 20cm² active surface can cover 5 times more area than the standard SE25 emitter. The LaserShower also has a higher photonic density saturation, leading to shorter treatment times and the ability to cover broader areas.

- TerraQuant® Control Unit
- LS50 LaserShower (50,000mW)

\$4,895

TQ Solo™ Portable

The TQ Solo™ is an FDA cleared pain-relieving battery operated device with 15,000 mW of super pulsed laser power. It gives you the ability to relieve both chronic and acute pain simply, with 3 preset frequencies and an easy-to-use guide.

\$1,995

TerraQuant® LaserStim™

The LaserStim™ emitter is a true innovation: A hybrid probe providing both light therapy and electrical stimulation. The LaserStim™ identifies optimal treatment areas and provides highly targeted treatments that allow for insurance reimbursement.

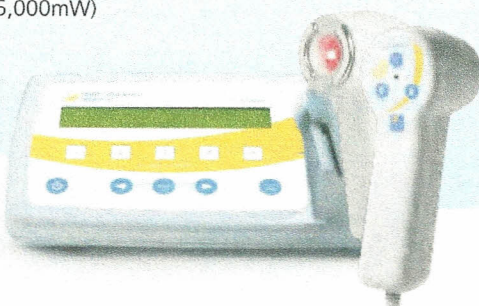

This FDA approved device provides superior outcomes. It is based on the SE25 emitter, with a single diode producing 25W of peak super pulsed power, while incorporating red LEDs, infrared emitting diodes and the static magnetic field.

- TerraQuant® Control Unit
- LaserStim™ Emitter (25,000mW)

\$5,795

LaserStim™ with TARGET™ Technology (Treatment Area Recognition & Guidance Enhanced Technology)

TerraQuant® packages are available with these innovative accessories:

Carts and Hands-Free Armatures

The Single Armature Cart and the Cart DX with Dual Armature provide hands-free versatility. Armatures can be purchased separately as well.

Hands-Free Armatures

\$189 ea.

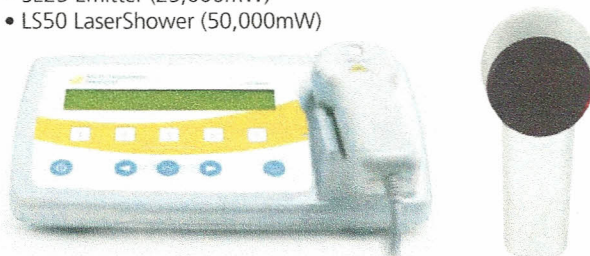

TerraQuant® ELITE

This system includes 1 SE25 standard emitter and 1 LS50 LaserShower emitter. The LS50 has 12 diodes: 4 super pulsed lasers, 4 infrared SLDs and 4 red light LEDs.

- TerraQuant® Control Unit
- SE25 Emitter (25,000mW)
- LS50 LaserShower (50,000mW)

\$5,995

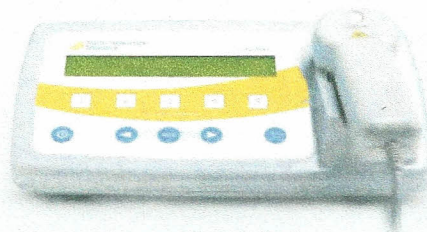

TerraQuant® Pro Laser (SE25)

This system includes the SE25 standard emitter. The ability to attach probes to the SE25 makes this emitter extremely versatile. The super pulsed laser system produces 25W of peak laser power.

- TerraQuant® Control Unit
- SE25 Emitter (25,000mW)

\$3,495

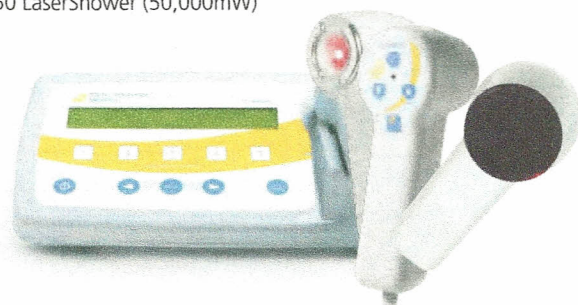

TerraQuant® ULTRA

The TerraQuant® ULTRA package includes the LaserStim™ emitter and the LS50 emitter. The LS50 LaserShower emitter greatly enhances any TerraQuant® system, incorporating 4 to 6 super pulsed GaAs diodes which allows coverage of a larger treatment area. The LaserStim™ provides both light therapy and electrical stimulation. The TerraQuant® ULTRA is ideal for stimulating better systemic effects as well as treating the spine and large muscle group.

- TerraQuant® Control Unit
- LaserStim™ Emitter (25,000mW)
- LS50 LaserShower (50,000mW)

\$7,895

Acupuncture & Muscle Trigger Probes

These probes allow you to treat smaller areas and target acupuncture points, expanding the versatility, efficacy and value of the TerraQuant® laser.

\$329

\$667

\$378
